

Dear Medicare Provider,

MDwise has been approved by the Centers for Medicare Services (CMS) to offer the Medicare Advantage Prescription Drug Plan (MAPD) and Dual Eligible Special Needs Plan (D-SNP) starting calendar year 2022.

As a requirement and in accordance with CMS guidelines and regulations, MDwise has developed a Model of Care (MOC). The attached MOC Training describes the processes and work flows necessary to successfully manage and operate to meet the needs of the D-SNP population. The MOC outlines MDwise's care management and coordination processes and is designed to be an important quality measurement and performance improvement tool.

As an MDwise Medicare provider, you are **required** to complete an annual D-SNP Model of Care training. This training, attestations and instructions are located on our website following this weblink: <https://www.mclaren.org/mdwise-medicare/mdwise-medicare-home>.

1. Once on website click on "For Provider"
2. Obtain the MOC training document title Model of Care Training.
3. Once finished reviewing training obtain the attestation to be signed
4. Email to prenrollment@mdwise.org only the attestation signed accordingly as an individual provider or by a signee for the provider group. A roster of all providers in the group must accompany the signed attestation.

The signed attestation ONLY form must be sent to Provider enrollment at prenrollment@mdwise.org no later than **12/15/2021**. Subject line should state MOC. Your Provider Rep will follow-up with you if your attestation is not returned by the date requested.

Please refer to the attached Frequently Asked Questions (FAQ) for any additional questions call 317-822-7300 ext. 5800 or your assigned MDwise Provider Relations Representative.

Thank you,

Provider Relations
